December	Kindness	<ul style="list-style-type: none"> - Club Game Week - Next Goal Wins Movie Trip 	<p>On the first of December, we treated our Polynesian Club to a movie trip where we went to watch the recently released movie, "Next Goal Wins."</p> <p>Gathering some of the Poly Club members' experiences, we can all agree that each and every one of us enjoyed the moments spent with each other. Going forward into the month, we hosted a Club Game Week for the week before Winter Break. We wanted to spread joy and kindness to each of our members so we hosted the game week to see all of the happy expressions on all of our faces. This can relate to Aloha Leadership because we took matters into our own hands and hosted events and activities to help break the ice between our Poly Club.</p>
January	Serve Others	<ul style="list-style-type: none"> - HUSD United Conference Performance 	<p>Within the month of January, we have had performances that we were asked to perform for. Hayward Unified School District (HUSD) by performing at their "HUSD Annual Families United Conference" In this performance, we shared our Samoan heritage out to the many</p>

As we were interviewing some of our close friends and their families, the majority of them shared how beautiful our dancing was. They enjoyed the amounts of diversity Hayward, California has to offer. This can relate to Aloha Leadership because we served the families with something other than things to physically give them, we served them with dance. Yes, we know it's different, but what can go wrong with a little difference in the way we express the way we serve.</p>
February	Value Relationships	<ul style="list-style-type: none"> - Collaboration With Black & African Student Union 	<p>Within the month of February, our theme was "Value Relationships." This month we've made more relationships and friendships with our fellow Black Community. Their club is called Black Associates Student Union (BASU). And within valuing each other's relationships, we have helped them with all of the things that they needed to provide for their month. Black History Month is very important to them because they need a month to bring attention to the very makings of their history. We put all of our</p>

This can relate to Aloha Leadership because within valuing relationships, you'll have more understanding of people other than your own. We were able to understand the Black Community on a different level rather than the stereotypes that we all know of.</p>
